

Ecology Action Center Composting Workshop

The Ecology Action Center is excited to announce our hands-on workshop where YOU build your own composter to recycle your food scraps and yard waste into valuable compost for your lawn or garden!

Monday, September 27, 2010 5:30PM

Workshop to be held at 900 South Linden, Normal

Commercially available composters can range in price from \$40.00-\$200.00 but the Ecology Action Center is offering this workshop at a cost of \$10.00 for members of the Ecology Action Center and just \$13.00 for non-members.

Workshop includes:

- Instruction on conventional composting and how to get started
- Discussion of different types of composters
- Overview of vermicomposting
- Materials and instruction to build your own 32-gallon composter to take home that is easy to use and replicate

The fine print: Rain or shine. This can get messy so wear clothes that can get dirty. Bring an appropriate vehicle to transport your composter home. We will be using power tools; safety glasses are required and will be provided.

Remove the bottom portion of this form and send along with your payment (or hand-deliver) to:
